#### WHAT IS THIS PRODUCT?

Type: Trium Alternative Growth Fund (the "Fund") is a sub-fund of Trium UCITS Platform plc, an open-ended umbrella investment company with variable capital structured as an umbrella fund with segregated liability between sub-funds, which is registered in Ireland and authorised by the Central Bank of Ireland as a UCITS under the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as amended). Segregated liability between sub-funds means that the assets and liabilities of each sub-fund are segregated by law. The prospectus and periodic reports are prepared for Trium UCITS Platform plc at umbrella level. You may switch your shares in the Fund to shares in other sub-funds in which you are eligible to invest. Further information is available from the Administrator. Northern Trust International Fund Administration Services (Ireland) Limited.

Objectives: The Fund's investment objective is to generate capital growth whilst exhibiting low correlation to equity markets over a rolling three-year period.

The Fund intends to achieve its objective by actively managing direct and indirect exposure globally without limitation, to fixed income securities, collective investment schemes, cash and cash equivalents, equities and FX, as well as indirect exposure to commodities. For the avoidance of doubt, the Fund will not invest directly in commodities. The Fund will not be subject to any geographic, sector or market capitalisation constraints.

The Fund may invest in Financial Derivative Instruments ("FDI") (i) for investment purposes, (ii) to attempt to hedge some of its investment risk, or (iii) for the purposes of efficient portfolio management. The Fund's use of FDI may introduce leverage into the Fund.

The Fund is actively managed without reference to any benchmark meaning that the Investment Manager has full discretion over the composition of the Fund's portfolio.

Hedging: The shares are denominated in Pound sterling (GBP) and are unhedged. The base currency of the Fund is Great British Pounds (GBP). The Fund will enter into currency hedging in relation to the share classes not in the base currency which aims to protect investors from movements in the GBP exchange rate in relation to the Fund's assets denominated in currencies other than GBP, though there is no guarantee that currency hedging will be effective.

The shares are accumulation shares and do not carry a right to dividend. You can buy or sell shares on demand every business day.

**Intended Retail Investors:** The Fund is suitable for investors who are seeking capital growth over a medium to long term horizon, but who are willing to tolerate medium to high risks due to the potentially volatile nature of the investments.. The investor should be prepared to bear losses.

Term: The Fund has no maturity date. Trium Ireland Ltd is not entitled to terminate the Fund unilaterally nor can the Fund be automatically terminated. Depositary of the Fund: Northern Trust Fiduciary Services (Ireland) Limited
